## Coolidge And Sackett Carry Blue Grass State

### Bond Issue Is Beaten By Around NEVER SURRENDER

Democratic Headquarters Still  
Claim State For John W.  
Davis and Senator  
Stanley

LOUISVILLE, Nov. 6. (AP)—  
With only sixty five precincts mis-  
sing this afternoon, President Coolidge  
slowly increased his margin  
over John W. Davis in Kentucky to  
23,919. The vote now stands:  
Coolidge, 286,709; Davis, 302,700;  
La Follette, 23,970.

Fred Sackett, senator elect had  
a majority over Senator Stanley of  
20,424, with seventy four precincts  
still missing, giving Sackett 387,  
330; Stanley, 399,006.

Related returns from the moun-  
tain districts, strong holds for the  
seventy five million dollar state  
bond issue, brought the majority  
against the bond issue from 92,180  
to 90,723. Three hundred and twenty  
precincts are still missing. The  
proponents of the bond issue had a  
total of 257,115 and opponents, 344,  
738.

The Democratic state headquar-  
ters here still refuse to concede  
that Sackett has been elected or  
that Coolidge carried the state.

### Kiwanis Club Enjoy Weekly Luncheon

The Kiwanis Club luncheon was  
attended by 28 members and  
guests today. The first number on  
the program was a violin solo by  
Professor Surman. "Souvenir,"  
was the selection which he favored  
the club with. Mrs. Joe Alderson  
accompanied the Professor on the  
piano. Mr. John Burnett made a  
few remarks on the Kiwanis con-  
vention which was held in Johnson  
City Tenn. One of the features  
which impressed him was the  
speech delivered by Mr. McCauley.  
It was a masterly presentation given  
in a fine manner.

A letter written by Mr. Bradner,  
relative to the Kiwanis meeting in  
Johnson City was read before the  
members. A definition of a good  
Kiwanian was quoted. According  
to the definition, a good  
Kiwanian is a man who pays his  
debts, is honest and honest to the  
community in which he lives.  
Mr. Leibig spoke of the Kiwanis  
chapter which he is helping to or-  
ganize in Pineville.

### Musical Comedies High In Berlin

BERLIN, Nov. 6. (AP)—Musical  
revue, comic operas and moving  
pictures are monopolizing so  
many of the well-known theatres in  
Berlin that the legitimate drama  
finds them very serious competition  
and many old-time actors who can-  
not adapt themselves to the musical  
stage or the moving pictures are  
out of work.

Operettas and musical comedies  
charge higher prices than the  
opera houses which are producing  
grand opera. When Fritz Masary,  
the leading musical comedy  
star of Germany, opened recently  
in a new production the best seats  
sold for \$10 each for the opening  
performance. In all the leading  
musical shows the best seats regu-  
larly bring \$4, and even the  
cheaper seats are higher than cor-  
responding seats in the four houses  
where grand opera is being pro-  
duced nightly.

Leo Slezak and a number of  
other former grand opera singers  
have gone into Berlin comic  
opera because of the high salaries  
offered them. It is cheaper now  
in Berlin to hear a Wagner opera  
sung by artists of international re-  
putation and accompanied by an  
orchestra of eighty than it is to  
hear an opera of Leo Fall or  
Gunnar Stromer or a review by un-  
known composers.

Many musical artists say Berlin  
can never support four houses  
playing grand opera and predict  
disasters if the number is not re-  
duced.

One week as a billion may grow  
up to be a wild cat.

### Lodge Is Critically Ill Today.

CAMBRIDGE, Mass., Nov. 6. (A-  
P)—Senator Henry Cabot Lodge,  
who suffered a stroke yesterday at  
the hospital where he is convalesc-  
ing from an operation is still uncon-  
scious early today. The senator's  
condition is considered critical.

### AMERICAN LEGION OFFERS PRIZES

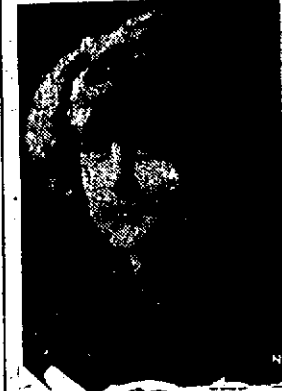

Five Dollars in Gold Will be Award-  
ed to the Person Selecting the  
Best Name for the Band

A brand new shiny name is  
wanted for the city band. Five dol-  
lars in gold will be awarded to the  
person submitting the most appro-  
priate name. The musicians are  
now organized under the auspices  
of the American Legion.

Following are the rules of the  
contest: All persons are eligible;  
only one name can be submitted  
by one person; all names must be  
mailed by 6:30 p. m. Saturday  
night, Isaac J. Walls is chairman  
of the city committee.

The winner will be announced  
and the prize awarded on Nov. 11  
at the Armistice Day celebration.  
At this time the band will make  
its debut to the public. Who knows,  
you may be the lucky winner?

### Marcel's Way

Daddy is a bank president, but  
Frances Klein proved to him that  
she could "marcel" her way through  
college. Fifteen other girls at  
Stephens College, Mo., thought the  
idea a good one and successfully  
tried it. "Every flapper a work-  
er instead of a loafer," preaches  
Frances.

### Choral Society To Resume Rehearsals

The Middlesboro Choral Society  
will resume its rehearsals Monday  
night, November 10, at 7:30 o'clock  
in the Community Room of the  
Carnegie Library under the direc-  
tion of Harry Rupert Carr, of Knox-  
ville. Professor Carr has been in  
New York City for the past month  
taking special vocal instruction  
under Signor Bonci, of Florence,  
Italy, perhaps the most noted pre-  
sent Italian vocal teacher of the  
famous and effective Italian Bel  
Canto method. Signor Bonci is to  
be in the United States for only  
three months and this was an op-  
portunity that Professor Carr had  
been waiting for fifteen years to  
take instruction under the famous  
Italian Maestro. Professor Carr  
writes that he will have some new  
things for the Middlesboro Choral  
Society that will make the rehears-  
als more enjoyable and effective.

### J. C. Bowling In- jured in Accident

Mr. J. C. Bowling of Exeter Ave.,  
was seriously injured in an auto-  
mobile accident Wednesday eve-  
ning. Mr. Bowling was crossing  
Fitzpatrick Avenue and failed to  
hear a car approaching. He was  
knocked down and the car passed  
over his body. The party who was  
driving the car was a tourist. He  
was detained by the police but was  
found to be entirely blameless. Mr.  
Bowling was rushed to the Bro-  
ckner-Bennett hospital where he  
is now being cared for.

### AMERICAN COM, MA YRULE THE AIR

Commercial Aviation in U. S. Ex-  
pected To Forge Ahead Dur-  
ing Coming Year

By Associated Press  
WASHINGTON, Nov. 6.—Com-  
mercial aviation in the United  
States will forge ahead during  
the coming year if plans of the  
National Aeronautic Association  
can effect it. Godfrey Lowell Cabot  
president of the organization, who  
has taken up the task of directing  
its activities from its headquarters  
here, advocating more landing  
fields with gas, oil and mechanics  
throughout the country, as an aid  
to the greater development of com-  
mercial aviation.

With the projected plan of mak-  
ing the ZR-3 a pioneer in the field  
of commercial aviation in this  
country, by demonstrating the  
practicability of air routes, interest  
in placing aviation on a business  
basis is believed by Mr. Cabot to  
be growing rapidly. At present  
there are not more than a half a  
dozen commercial air routes in the  
United States.

Promotion of air service from  
Pensacola to Tampa, Florida, to ob-  
viate the present roundabout land  
travel skirting the Florida coast,  
and to insure the speedier delivery  
of mail "as the crow flies," will be  
one of the aims of the National  
Aeronautic Association in the im-  
mediate future. Government and  
inter city flying generally will be  
encouraged.

"The makers of the ZR-3 have  
said that it was possible to build  
an airship of five million cubic  
feet—more than twice the cubic  
capacity of the ZR-3," said Mr.  
Cabot. They feel also that the  
chief development in the near fu-  
ture is going to be trans-eceanic  
service for mail, high-class freight  
and passengers.

"The chief danger to Zeppelins  
is from storms. Usually it is pos-  
sible to avoid a storm by keeping  
in constant touch with the meteoro-  
logical stations over a wide area,  
on either side of the route to be  
traversed, and either avoiding the  
center of the disturbance or pass-  
ing through it at a maximum speed.  
Our storms in the northern hemi-  
sphere revolve around a center in a  
direction contrary to the hands of  
the clock. On its flight from Fred-  
richshafen to Lakehurst, N. J., the  
ZR-3 avoided two such disturbances  
by shaping its course in accordance  
with meteorological observa-  
tions made over a wide area.

"There has been year to year  
an increase in commercial air  
transportation, both here and in  
Europe. The larger percentage in-  
crease is in freight, and the small-  
er percentage increase in passen-  
gers. The relative expense of air  
transportation is extraordinarily  
low in Europe. In central Europe it  
is but little more than railroad  
transportation.

"They have regular air service  
between such centers as London,  
Paris, Brussels, Moscow, Prague,  
Warsaw, Manchester and Buck-  
ingham; also between Cairo and Bag-  
dad, and the English air patrol can  
be seen every pleasant day flying  
from Lud over Jerusalem to Trans-  
jordania."

### FLAMES RAGING NEAR LOUISVILLE

Forest and Field Fires Are Fan-  
ned Throughout the Night by  
Strong Southwest Wind

LOUISVILLE, Nov. 6. (AP)—A  
thousand acres near Louisville is  
swept by forest and field fires that  
have been fanned by a southwest  
wind through the night.  
The damage is confined to tim-  
ber barris, fruit trees, small build-  
ings. Hundreds of citizens' eyes  
are sore from the smoke as they  
fought flames throughout the night.  
Residences near by were saved  
from the flames. Twenty-five  
thousand dollars damage was done  
and the fire is still burning.

### R. B. MALCOM SOLD BUSINESS

HARROGATE, Nov. 6.—R. B. S.  
Malcom has sold his mercantile in-  
terests here and will go into busi-  
ness at Dayton, Ohio. Mr. and  
Mrs. Malcom will go by motor to  
their new home, visiting relatives  
enroute, in Kentucky and Ohio.

### Dawes' Niece to Marry

Meet Miss Juliet Dawes, daughter of Mr. and Mrs. Hamilton M.  
Dawes of Montclair, N. J., and niece of General Charles G. Dawes,  
whose engagement to Mr. Charles Van Gunter of Clearwater, Florida,  
has just been announced.

### Mary Mattingly is Winner of Popularity Contest

All Hail to the Queen  
of Middlesboro—  
Long May She  
Reign

### SUSPENSE ENDED

Miss Verdine Hurst Stands Second,  
and Miss Louise Carr Maintains  
Third Place in the Final  
Count of Ballots

Miss Mary Mattingly—125340  
Miss Verdine Hurst—125440  
Miss Louise Carr—99675

The above figures tell the story  
of the final results of the American  
Legion Popularity Contest, which  
came to a close at 10:00 p. m. last  
night. During the last day the vot-  
ing was at all times fast and fur-  
ious and it was not until the last

### Did You Ever Stop to Think

By E. R. Waite, Secretary, Shawnee, Okla., Board of Commerce.

THAT the advertising columns sparkle with money-saving  
information. They show you where to buy the best for less.  
THAT if it were not for the advertisements, people would  
know nothing about bargains. The ads are the means that  
inform the people what is for sale and where, so the yearn  
take advantage of the bargains that business concerns have  
to offer.

THAT there is no use in taking chances as to the quality  
of the goods you buy. You can cut out all possible chance by  
buying from merchants who advertise.

THAT in addition to the quality and service you get from  
your home merchants, your city needs your dollars. You may  
be hard up and have little to spend, but that little stays in the  
home city and helps keep business of the home city moving.

THAT your city needs you and your money, just as you  
need your city. You can nonly be loyal to yourself when you  
are loyal to your city.

Home merchants are careful what they buy. They ascer-  
tain the quality before offering it to their trade through local  
papers.

### Mrs. Harding Con- tinues to Improve

MARION, Ohio, Nov. 6. (AP)—  
Mrs. Warren G. Harding's con-  
dition continues to improve her phys-  
icians, Carl Sawyer announced to-  
day. Complications which develop-  
ed in the upper abdomen are ab-  
siding.

### Negro is Elected To Illinois Court

CHICAGO, Ill., Nov. 6. (AP)—  
For the first time, as far as it is  
known here, a negro has been elec-  
ted as judge to the American court  
of record. He is Albert George,  
elected Tuesday to the municipal  
court of Chicago. He is the first  
negro ever to sit in an Illinois  
court. He has long been state  
clerk.

### Lady Astor Proud Of Her Own Sex

BRIGHTON, Nov. 6. (AP)—  
Lady Astor's confidence in her own  
sex was voiced again in a speech  
to delegates attending the annual  
conference of the National Coun-  
cil of Women of Great Britain and  
Ireland. She described the younger  
generation as full of "hope, zeal  
confidence and blisful ignorance."

"The only way we can effect  
youth," Lady Astor said, "is not  
in what we do for them, but  
in what we are. I have undoubted  
faith in my sex. I truly believe that  
women coming into public life is  
the greatest spiritual step forward  
that has happened for generations.  
The most selfless service comes  
from women."

She asked the girls to think  
of themselves and make up the kind  
of minds they wanted.

"It is said," she continued, "that  
our young people are going back on  
Christianity. I don't agree with  
that. I believe the young people  
who are thinking for themselves,  
may be far nearer the Kingdom  
than the young people who accept  
the faith of their forefathers  
blindly. Blind faith is not Christi-  
anity. I do not think when so many  
women are thinking, that they are  
going to reject Christianity."

### MILLINERS AND CUSTOMERS WAR

Winter Hat to Be the Tall Direc-  
taire: Warm With Upturned Brim  
and Dome Crown

PARIS, Nov. 6. (AP)—Winter  
styles are here, and with them has  
come a bitter fashion controversy.  
The "hat question" has arisen be-  
tween the milliners on the one side  
and their customers on the other.  
"Is the 1924-25 winter hat to be  
the tall Directoire crown and up-  
turned brim, or the little cloche  
with fitted dome-crown?"

## Republicans Waiting For Returns of Three States

### Ku Klux Klan Hall Burned In Texas

FOR WORTH, Tex., Nov. 6. (AP)—  
Fort Worth's Ku Klux Klan hall  
which was recently completed at  
a cost of \$50,000 was destroyed by  
fire today of very mysterious ori-  
gin.

### LEGION TO STAGE X COUNTRY RACE

Mr. Fischer Has Completed Ar-  
rangements For Mile and One  
Half Cross Country Run

One of the most exciting features  
of the Armistice Day celebration,  
will be the mile and a half cross-  
country race. The city playground  
director, Mr. Fischer, has just com-  
pleted the arrangements for this  
contest. Details with regard to the  
course will be announced later. A  
silver cup, offered by the American  
Legion, will be awarded to the win-  
ner. The contest is open without  
charge to all boys between the ages  
of ten and twenty. All those who  
are interested in entering the race  
should apply either to Mr. Fischer,  
Coach Kilpatrick or Chas. C. Ho-  
dder, of the high school.

This offers a splendid opportu-  
nity for some ambitious youth of our  
town to win an honor which is  
prized. It is expected that a num-  
ber of our boys will take advantage  
of it. The Playground Association  
is doing all it can to promote clean  
sports for our boys and girls and  
would like to see a good line-up of  
contestants for the trophy.

### Leads Suffragists

This is a new picture of Mrs.  
Corbett Ashley, English suffragist,  
who has been elected president of  
the International Suffrage Alliance  
in Rome, Italy.

### Poland To Extend Trade To Near East

WARSAW, Nov. 6. (AP)—The  
policy of the Soviet government in  
encouraging to kill imports from  
Poland has obliged the Polish gov-  
ernment to look for other foreign  
markets. During the last year Po-  
land has paid special attention to  
the Balkan states, sending there  
an itinerant exhibition of Polish  
manufactured articles.

Poland organized a regular fair  
in Constantinople in September,  
first European fair in Turkey, and  
everything seems to indicate fa-  
vorable expressions of Polish trade  
in the Near East.

### Americans Shy At Insurance Pool

HAMBURG, Nov. 6. (AP)—  
"Our Hartford, Conn., brethren of  
the insurance fraternity don't seem  
to be very keen to participate in  
the insurance pool for the ZR-3,"  
remarks Dr. James R. H. H. in a  
newspaper article in the Berliner  
Tagblatt.  
The insurance policy of \$200,000  
finally was covered at a premium  
rate of 6 percent by a combination  
of Dutch and German insurance  
companies acting in unison with  
Lloyd's, White Cross and the United  
Society of London. The pool was  
formed by a Hamburg insurance  
broker firm.

### Anxious to Hear From Minnesota, New Mexico, Wyoming

### UNCERTAIN THREE

Little Doubt that It Will Have  
Bare Working Majority in Both  
Houses Over Democrats and  
Insurgents

WASHINGTON, D. C., Nov. 6.  
(AP)—The ability of the republi-  
can organization to control the new  
Congress, elected Tuesday, depends  
today to hinge on the outcome of  
the senatorial contests in three  
states, Minnesota, New Mexico and  
Wyoming. There is little doubt but  
they will have a bare working ma-  
jority in the house over the dem-  
ocrats and the La Follette "Insur-  
gents." If republican candidates for  
the senate in two or three doubt-  
ful states are victorious and the  
vacancy in Connecticut is filled by  
republican coalition or demagogue  
and consistent supporters of La  
Follette would fall two short of a  
majority. With the results of the  
congressional districts still un-  
known, the line up of the new house  
is based upon the unofficial re-  
turns as 258 republican and 181  
democrats, four scattered of mis-  
ing districts, nine demagogue rep-  
ublican. But even if all of  
these seats should be captured by  
the democrats, the republicans still  
have a majority of 19 with which  
to offset the defections in the La-  
Follette bloc.

### L. M. U. Regular on Hospital List

HARROGATE, Nov. 6.—The L.  
M. U. team, although suffering a  
great victory, Saturday, in the  
contest with three of its  
opponents on the hospital list, Brown  
Tullock, is out of the game, and  
will not take part in the coming  
contest with "Eastern" Kentucky  
State Normal, Saturday, when  
promises to be one of the best  
games of the season as well as  
the last played on the L. M. U.  
grid. Brown will be sorely pressed  
since he was one of the most de-  
pendable backs. Garrett and  
Fletcher received slight injuries in  
the Union games but expect to be  
in good shape for the battle with  
the Normalites. "Tex" Turner, the  
brilliant quarter, who was slightly  
injured in back in harness and  
"racing" 16-20. "This will be the  
last chance for the local skin  
changers to see "Tex" Turner in  
action on the home field. Brown  
is conceded to be one of the best  
and best broken field runners  
in this section of the country. He  
is a triple threat man of which any  
man in the country would be proud.  
He is expected to shine in his  
game as he did against the  
Union when L. M. U. won the  
0-0.

### Standford Descends On M. H. S. Friday

The Middlesboro high school team  
plays Stanford high school in the  
annual game at East Bend, N. C., to-  
morrow afternoon at 2:30. The  
promise is to be one of the best  
games of the season. Stanford has  
the best team which that location  
has had in many years. They  
who saw their team of last year  
will remember that it was one of  
the best aggregations to appear on  
our field.

Middlesboro won last year a  
score of 3-0. However, Stanford  
gave a good exhibition of football.  
This year they have a much  
better team than last year. They  
will be a tough team to beat.  
The game will be a great one.  
The local fans will be well repaid  
for the long drive to East Bend.  
It is not expected that the game  
will be a close one. Stanford is  
a much better team than Middlesboro  
was last year.

**CARD OF THANKS**—\$1.00 if not over 10 lines; additional lines 10c per line.  
**OBITUARY NOTICES**—50c per inch, minimum charge, \$1.00.

## THE ELECTION

The decision of the voters of the United States last Tuesday was one of the most emphatic in the history of politics in the country. President Coolidge will have at the least 374 electoral votes—possibly a few more. The election has been the vindication of mind over voice. Mr. Coolidge is not and has not been a talker—he has been and will be, a thinker and doer—and the voters recognized that fact.

The vote can hardly be considered a partisan victory. The great bulk of the people of the northern half of the United States think independently. Also the great bulk of the people in that section are for a protective tariff. Not because it has been fostered by the republican party but because they think the most good comes out of it for all the people.

The election was a rebuke to bloc control. The vote in republican states against men who have been obstructionists was emphatic. A shining example of this was Brookhart of Iowa. Senator Brookhart has been an irregular in congress and his last hour denunciation of Vice-President-elect Dawes drew on him the fire of the republican organization in Iowa as well as the hearty contempt of thinking people in that state. The result was a turn to the democratic candidate. An official count will probably be necessary to decide between Stock and the present incumbent, but whatever the outcome—the people of Iowa served notice that the man who goes to congress with a political axe to grind and who does not serve the best interests of the country as a whole, may expect political annihilation as soon as his constituency get the opportunity to retire him.

The same holds good of the "Solid" South. For the past fifty years the democrat party has reigned in the states that form the block in the southeastern corner of the country. The steady reign of one political party has not resulted in all that is best for that section. The same would apply if the party was the republican party. No one political party can reign for half a century and have the virility for good for the community it serves. The result is that political machines are built, a father-to-son cast grows and politics is played where statesmanship should reign.

The writer believes in party organization but a party can be over-organized. The republican party has that example to look back upon as in 1912. It took a defeat and a house-cleaning for certain elements in the party to recognize that fact. It was good for politics as a whole and is a shining example before men that one clique cannot run a party organization forever.

As for John W. Davis, no one can say aught but that he is in every sense a man. Mr. Davis, like Mr. Parker was unfortunate in his hour. With the record of the democratic convention to live down and unfortunately advised, he was between the horns of the delima from the beginning. The party defeat can to a measure be attributed to the counsel given him and its efforts to ride two wild horses while standing on one.

As for Mr. LaFollette his sun is set. Wisconsin stood by him as a result of the LaFollette machine in that state and the backing of the socialist element in Milwaukee and a few other industrial centers of the state. However, even Wisconsin grows tired of one man government that it get nowhere. No heavier blow could be aimed at the Wisconsin senator's prestige in his home state than his elimination from all party counsels, and the showing that he made before the country at large. Mr. LaFollette's sun is set.

Mr. Coolidge and the republican party have a task before them. With complete control of the new congress, the party must shoulder the responsibility for the acts of the majority. Business conditions in the broader sense are on a much more stable foundation than four years ago at the time of the presidential election. Re construction has proceeded far in Europe and at home. While adjustment will continue for the next few years, the worst is over, and the country has every reason to expect a steady return to unprecedented, stable prosperity.

No woman is an old maid until she dresses like one.  
Our greatest kick against the energy in autumn is we run out of adjectives.  
A Springfield, (Mo.) girl of 19 married a man of 85, and lawyers claim he is crazy, while we claim she is.

Some people go hungry for fear of biting off more than they can chew.

It's a strange thing, but no matter how an election comes out, the country never goes to the dogs.

Utah woman killed her husband on their honeymoon, instead of putting up with him for a while.

## KENTUCKY

### KNOX HAS QUIET ELECTION

HARRISVILLE, Nov. 5.—

That Tuesday was a quiet day in the history of Knox county in the opinion of Sheriff W. C. Anderson, who reports that there was no drunkenness or other cases of disorderly conduct at the polls on a town at places where election returns were received.

Only one man was placed in the county jail Tuesday, Wednesday and this was a case of drunkenness not connected with the election. This is a remarkable record for the county, even on ordinary days, the sheriff stated.

Good order at the polls place which were productive of many quarrels and fights in earlier days may be attributed partly to the large number of women voters, the sheriff believes, though the lack of drinking, he says is caused mainly by the present scarcity of liquor.

## RICHMOND ON PINEVILLE LINE

RICHMOND, Ky., Nov. 5.—At 5 o'clock Monday afternoon 14th hour began receiving electricity from the Kentucky Utilities Company plant at Pineville, the current coming in by way of Lancaster, Richmond will receive all of its power from the Pineville power station until the Dix river hydro electric dam is completed, when these two power plants will be linked. The crew which is working on the high power line to be run from here to Irvine is progressing rapidly.

JUDGE L. G. PAYNE DIES  
CLARKSON, Nov. 6.—A telegram was received at Lone Mountain and Tazewell, Wednesday morning, announcing that County Judge Payne had passed over the divide at 7:30 o'clock, following an operation for tumor on the brain, what appears on inside of today's paper was written and printed Tuesday.

## WOMAN IS CAPTURED

PARIS, Ky., Nov. 6.—Responding to a telephone message from near Jacksonville, Sheriff M. Peale Collier made a flying trip to that point and arrested Miss Goldie De Hulse 19, who had escaped from the Eastern State hospital in Lexington. The young woman who claimed Henderson as her home assured the officers that this had not been her first escape nor would it be her last one if she could get away. One of the attendants from the asylum came to Paris for the young woman.

## DAVIS CARRIES BOLKHOON

PARIS, Ky., Nov.—Davis was given a majority of 313 in Tuesday's presidential race, a very light vote being cast in Bourbon county. Stanley carried the county over. Davis had a lead of 31 votes. The bond issue was defeated by 1,108 votes. Virgil Chapman received a very large complimentary vote in his unopposed race for congress. The vote follows: Davis, 4,492; Coolidge, 3,885; La Follette, 82. Stanley, 3,915; Sackett, 3,881. Bond issue, for 1,263; against, 5,471.

## PERRY SOLD FOR BONDS

HAZARD, Ky., Nov.—With 18 yeas and 17 nays out of 35 in Perry county Davis had 1,675; Coolidge 2,331; La Follette 267. Sackett 2,901; Stanley 1,335; Langley 1,831; Radford 1,129. Some of the yeas and nays were not heard from until Thursday. But 50 votes were cast against the bond issue in precincts heard from. The bond issue will go over in Perry, Leslie, Owen, Letcher and Breathitt counties to a overwhelming majority. Old men who have lived in Perry county all their lives say this is the quietest election they have ever seen.

## TENNESSEE

### FORK RIDGE, TENN.

The United States mail service commission has announced an examination to be held at Middlesboro, Ky., Nov. 22, 1924. As a result of which it is expected to fill a vacancy in the position of fourth class postmaster at Fork Ridge.

The examination is open to all citizens of the United States who can fill all requirements. Apply at Fork Ridge, Tenn., for all information.

## POWELL VALLEY

Mr. and Mrs. A. K. Sharp of Tazewell visited their mother and sister, Mrs. Nancy Sharp and Mrs. Emma Ferguson here last Sunday. Mrs. Minnie Thomas and Robert Thomas visited Mr. and Mrs. Robert Sears, in Knoxville last week. Mr. and Mrs. J. T. Thomas and Linville Wednesday where they visited Mr. and Mrs. W. S. Thomas. The Misses Clara Masterson, Hazel Kelly, Elizabeth Harris and Eva Youkum attended the Teacher's institute in Knoxville last week.

Mr. and Mrs. C. T. Davis of Winona visited their mother, Mrs. J. E. Hill here the first of the week.

Mr. and Mrs. Karl Thomas motored to Harrogate and Cumberland Gap Wednesday.

Mr. and Mrs. T. H. Blanton, spent a few days in Pineville this week visiting friends.

Robert Thomas has installed a radio in his home.

Mrs. Edna Sharp spent last week end in Knoxville.

The members of the Methodist Church south here are planning a turkey dinner at Thanksgiving time for the benefit of the church.

## VIRGINIA

### MINER IS KILLED

BIG STONE GAP, Va., Nov. 6.—Tom Wharff, a young miner, was instantly killed last Tuesday morning in the machine shops of the Blackwood Coal and Coke Company at Roanoke, when a stick of dynamite which he was carrying in his pocket with which to shoot coal in the mines that morning, exploded. Two other men standing nearby in the shops were seriously injured and were taken at once to hospital at Norton, where it is thought they will recover. Mr. Wharff leaves a widow and one child. He was buried Wednesday afternoon in the East Stone Gap cemetery.

## Health is Wealth

Health is one of the greatest things your family can possess. It brings happiness and success. But health must be safe-guarded by good wholesome foods that are prepared from the purest ingredients. This is especially true of bakings. If they are not properly raised, we all know that they are not easily digested. Many times when self-rising flour is used in place of good plain flour and dependable baking powder—the results are flat, soggy and heavy foods.

Don't take chances! Use a reliable brand of baking powder and plain flour. Then you will be sure of healthful bakings that are easily digested.

Remember, science has never found anything to take the place of the tried and tested method of using plain flour and good baking powder in preparing bakings. Millions of housewives now know by actual experience that many preparations that are claimed to take their place are worthless and dangerous to health because they fail to leaven. There is no comparison.

Calumet, the Economy Baking Powder, is known to be one sure and positive aid to successful bakings that are always pure, sweet and wholesome.

That's the reason its sales are 2 1/2 times those of any other brand.

# Hell, From The Standpoint Of Science, Philosophy, And The Bible

(By Dr. T. C. Crume, Ph.D., Th. D., D. D.)

EXT.—"And in Hell he lifted up his eyes, being in torments."  
(Luke 16:23).

I preach on the subject of Hell tonight not because I love to, for I do not; not because I love to think about it, for I do not; not because I have any personal interest in the place, for I have none; but because I am absolutely sure that I am not going to make my future home there, and I would to God that every man who hears me tonight could say as much. I preach this subject tonight, my friends, not because I enjoy it, for God knows I do not; but because the Bible teaches that there is such a place, and as God's true prophet I am warned to "declare the whole counsel of God."

I know it isn't fashionable these days, especially in some quarters, to preach on the subject of Hell. However, we cannot afford to go by the fashions, we must follow the facts. It isn't fashionable with some people to be honest. It isn't fashionable with some to tell the truth; it isn't fashionable with some to dress decently. It isn't fashionable with some to stay sober. It isn't fashionable with some others I know to rear children, they had rather raise dogs. So you can at once see that it doesn't pay to follow the fashions. We must follow the facts of the eternal God.

I am also aware of the fact that there are those who say they do not believe in Hell, and some of them seem to think that their disbelief will annihilate the Bible. Let us quit business, Brother, if you are here tonight, your little disbelief is so insignificant that it would not make even a little greasy spot on the nap of God's vast universe. Odi Voltaire said in his day that he didn't believe the Bible, and that in one hundred years the Bible would be an obsolete book. What a poor prophet he was. Right where he said it they are printing Bibles by the thousands today, and more Bibles are being published, circulated, read, and taught today than ever before in the world's history. Yes, you may say now that you do not believe in Hell, but one thing is certain—you will not be there one-half of one second until you will be thoroughly convinced it will not take a sermon or an argument to convince you then. There was a time in my life when I tried to play skeptic, and I claimed to be a skeptical professor. I read everything I could get hold of that attempted to explain away Hell, God, and the Bible, and immortality, but all the while there was still a lurking suspicion inside of me that there is a God and a hereafter, and that the soul will still live beyond this vale of tears. This feeling or belief is instinctive in the breast of man. It has been written there by the finger of God, and it cannot be erased. The soul cries out for God and immortality just as natural as the child cries for food and mother.

Two professors were riding along one day in a big fine automobile, and they were discussing the question of Hell. One said to the other, "You know my university teaches there is no such place as Hell." The other, who owned the car, replied, "Dr. I would give you this car if I knew that." All the skeptical universities and skeptical books in the world cannot convince the inner man that there is not a place called Hell.

There are three words in the Bible that give us a picture of the place called Hell. It is highly important that we try to understand these words.

1. The first word I want to mention is an Old Testament word called "Sheol." It means primarily the "unseen state." It is a picture of a dark pit where the wicked suffer a miserable existence. This word is also used to mean simply the grave and when thus used may refer to the righteous as well as the wicked. But it is always easy to tell by the context the meaning intended. The righteous and the wicked both go down to the grave. But the better minds of the Old Testament knew and taught that while the body returned to the dust, the spirit of the righteous returned to the God who gave it. (Eccl. 12:7). We know that the faithful Abraham went to Paradise, a place of bliss and happiness. "Paradise" is synonymous with "Abraham's bosom." (Luke 16:22). Paradise is the temporary or unfinished heaven. Heaven isn't complete yet. Jesus is working on the new heaven now. He said, "I go to prepare a place for you." (John 14:2). But there will be plenty of room for you when you get there. So don't worry. Where Jesus is, that is heaven to me. Sheol or Hades is the temporary Hell or

abode of the wicked. Here the wicked remain in torment until the final Judgment, at which time they are to be publicly condemned, and cast into the lake of fire—the final and eternal Hell which is called Gehenna. (Rev. 20:10-15; 21:8).

We must remember in our study of the Old Testament word Sheol, that the Old Testament is God's incomplete revelation. It is God's primer or first reader. If we are to understand any doctrine of the Bible we must begin with the Old Testament. Failure to study the Bible as a whole, leads of necessity to confusion, and is the cause of the countless isms and schisms of our day.

2. We must now turn to the New Testament. Here we find the word Hades. It means the "infernal regions," or the place where the wicked are being punished at this very moment. It is synonymous with Sheol, when Sheol is used, not as the grave, but as the abode of the wicked. Hades is pictured to us as a place of torment, a place of anguish, and a place of flame.

Do you want to take a chance my lost friends here tonight, on spending eternity in a place of torment, a place of anguish, and a place of flame? Speaking for myself, I am not going to take any such a chance.

3. Another New Testament word for Hell is the word "Gehenna." The word means "valley of lamentation." The name was originally the fiery arms of the idol god Moloch and literally burned to death, applied to a valley just Southeast of Jerusalem in ancient times in which children were pitched into the good king Josiah did away with this inhuman practice, but even after his day the people continued to use this valley as a place to burn the refuse of the city, the dead bodies of animals, and the dead bodies of people dying of incurable and dangerous maladies. The point is, it was continually burning. Now, Jesus says Hell is Gehenna. He pictures it as a place where "their worm dieth not and the fire is not quenched." (Mark 9:43-48). It is pictured as a lake of fire and brimstone where the wicked shall be tormented day and night forever and ever. (Rev. 20:10-15; 21:8). Any man is a fool who will take a chance on spending eternity in a place thus pictured. Let us stop and think tonight. God says "Come and let us reason together."

## Fire and Brimstone

The words we have discussed naturally raise the question—Is a fire and brimstone Hell possible? Yes, anything is possible with God. When poor little mortal man with his little finite mind says God can't—he is a fool. Any man who puts his wisdom up against the wisdom of God is playing the fool. The truth is he is just showing how ignorant he is. The God who made this universe, threw the planets out into space, and caused the morning stars to sing together—can have anything he wants to have. Yes, even a fire and brimstone Hell. He created all the elements. He has all power over life, death, the grave, the Judgment, and Hell itself. So who can stop Him? Who among us is big enough and wise enough to say God can't.

## Philosophy and Hell

What is philosophy? In the last analysis, "it is man's opinion of the origin and development of the universe with its cosmic life and multiplied problems." The combined efforts of the human mind in grappling with the above problem constitute what we call philosophy. Philosophy may be applied to any field where the human mind can work. A man's philosophy is his system of thought. Philosophy is man's opinion or conception. It is man's opinion, or rather what God knows to be true. Therefore, it is always safer to take what God has revealed rather than what man has thought. For God says, "My thoughts are higher than your thoughts" and "My ways are higher than your ways."

The big problem of philosophy has been, and will ever be, the problem of Being. How did this universe and the life that is on it come into being? What was the original substance? Some of the old Greek philosophers said fire, some said water, some said air, and some said fire, water and air, all combined. Some went still further and said matter in some form, while others said mind was the first cause back of all things. Today the battle rages around matter, mind, and spirit. There are philosophic schools almost without number today, and philosophy after centuries of hair-splitting is still

Dr. T. C. Crume, Ph.D., Th. D., D. D.

up in the air. The one hopefull sign is that the majority of the philosophic thinkers of our time are making room for God in the universe, and a God big enough to do, and have, what he wills. Now, if he wills to have a Hell—who can prevent Him? The doctrine of Hell takes us beyond philosophy, beyond the limitations of human reason—back to the revealed will and purpose of God. So where logic fails and reason gives no answer, it is the part of wisdom to accept by faith the revealed will and purpose of God. The sinful human mind may deny the existence of Hell, but it cannot annihilate Hell itself. The fact of Hell is written across the pages of the Bible, and across the human breath and all the devils on earth and in Hell cannot erase that fact. When philosophy is dead and the earth has turned to ashes Hell will still be doing business. (Rev. 20:10; 21:8). Philosophy can only give us at best man's opinion of the future life of the wicked, while revelation gives us what God has revealed about it. When man's opinion doesn't agree with God's revealed truth, we are warned to "Let God be true, but every man a liar." (Rom. 3:4).

## Science and Hell

Science is proving every day that there is a wise and mighty God back of this universe and a God who knows nothing of impossibilities. Back in the antediluvian period there were those who said God could not have a flood, and all through the centuries, even up to modern times, some have denied the flood story. But today the science of Archaeology, the science which studies and reveals the facts of an antiquated past, and the science of Geology, which deals with the developments of the earth, both past and present, are adding their testimony to the flood story.

Archaeology has given us a number of other accounts to the flood story. The most notable is the Babylonian account. Dr. Geo. A. Barton, a noted archaeologist, says, "The Babylonian account of the flood (or flood), so closely resembles that in the Bible (Gen. 6:9-9:19), that nearly all scholars recognize that they are two versions of the same narrative." (Archaeology and the Bible, page 277). The same writer goes on to say, "Nothing could more strikingly illustrate the inspiration of the biblical story than to measure it against the background of this Babylonian poem, which is clearly a variant version of it."

Dr. Clay, Professor of Archaeology at Yale University, has proven conclusively, by finding Hebrew letters in the Babylonian account, that the Bible account antedates the Babylonian account. When science catches up with the wisdom of the Bible, all man-made contradictions will vanish like darkness before the sun. But some one says, "Why inject the flood story here?" What has the flood to do with Hell?" Just this—the

same Bible that says there was a flood says that there is a Hell. Now, if the Bible is right on the flood question it is apt to be right on the Hell question.

Geology also teaches us that there was at some time in the world's history a mighty deluge that affected not only the earth's strata, but the whole crust of the earth. You cannot account for the present surface of the earth apart from the flood. Why all these valleys, mountains, lakes, oceans, rivers, etc., as we see them today? Why are there lands now submerged that were once inhabited by man and beast as the fossils show? Glacial drift accounts for some of the phenomena that we see; volcanic eruption accounts for some of it; erosion accounts for some of it, but you cannot explain submerged continents and great massive rocks on the surface of the earth thousands of miles from any sign of volcanic eruption or glacial drift, apart from that mighty deluge the Bible calls the flood. This fact Dr. McIlenny, in his book "The New Geology," admits and advocates. Many of the world's most eminent geologists are taking the same position today. A new day is dawning and true science studied in view of

all the facts is leading men back to God, and back to the old book that has stood every test the ages have laid upon it.

Geology also teaches us that God is an expert in the fire and brimstone business. It teaches us that there are literally great lakes of fire down in the bowels of the earth which are continually burning, and which have been burning for ages. We see evidence of this intense heat as it breaks forth and comes to the surface in the form of volcanic eruption, geysers, hot springs, etc. No one can make a study of volcanoes, geysers, and hot springs, as the one who speaks to you has done, and be convinced that the God who made these things cannot make even a fire and brimstone Hell. A man said to me a while ago, "I don't believe God can burn this old earth up as the Bible prophesies." I said, My friend, you surely have never made a study of the interior of the earth, for if you had you would know that God has literally loaded it down with coal, gases, oils, brimstone, and every thing that burns. There are thousands of great lakes of fire already burning in the interior of the earth now, and all God has to do is to speak the word and spread the conflagration. "But the day of the Lord will come as a thief, in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, and the earth also and the works that are therein shall be burned up." (2 Peter 3:10). "Seeing then all these things shall be dissolved, what ought ye to be in holy conduct and godliness?" (2 Peter 3:11). "Ye therefore, beloved, knowing these things beforehand, beware lest ye also, being led away with the error of the wicked, fall from

your own steadfastness." (2 Peter 3:17). (Read Rev. 6:12-17 and 2 Peter 3:10-18).

Astronomy also teaches us some valuable lessons in this connection. It teaches us that the sun is 93 million miles away, and that it has been burning for thousands of years. There are mighty flames on the face of the sun, this hour, extending outward from five to ten thousand miles. During the solar eclipse of 1919 one of the red flames rose in less than seven hours from a height of 130 thousand miles to more than 500 thousand miles above the sun's surface. Tell me, that the God who made the sun, that mighty fire ball 866 thousand miles in diameter which has been burning for thousands of years and can send up flames 500 thousand miles high—can't make, or have, a fire and brimstone Hell. It is all bosh to say God can't. These mighty flames on the face of the sun may be observed and measured any day with the spectroscopic, the greatest instrument ever devised by the brain and hand of man. My friends, the God who made this universe, with its suns, stars, and planets, is big enough, powerful enough, great enough, and wise enough, to have any kind of a Hell that he wants, and he has told us in words that cannot be misunderstood, the kind of a Hell that is, and the kind of people who are going there. "But the fearful, and unbelieving, and the abominable, and murderers, and fornicators, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone."—"and shall be tormented day and night for ever and ever." (Rev. 20:10; 21:8).

Is The Language Figurative? It could be, but is it? The language concerning the flood could have been figurative, but it wasn't. It was an honest-to-goodness literal flood, and God used just plain, literal, every day water—the same kind you wash your face in every morning or at least I hope you do. The fact of the flood is taught and established beyond all question by Archaeology, Geology, and the Bible. The language concerning the destruction of Babylon could have been figurative, but it wasn't. Babylon became "a heap" and remains so unto this day, just as God's prophet said it would, and Babylon shall never be rebuilt. The language concerning the downfall of Egypt have been figurative, but it wasn't. Egypt went down never to be exalted, just as God decreed, and Egypt this hour is under the heel of the British Empire and will never be a great and free nation again. The language concerning the destruction of Jerusalem could have been figurative, but it wasn't. Jerusalem was destroyed by a Roman army in A. D. 70 just as the Bible predicted. The lan-

guage concerning the coming of John the Baptist could have been figurative, but it wasn't. John actually came literally, just as Malachi said he would come. Now, in view of these facts which cannot be disputed—is it not the part of wisdom just to take the Bible as it is without trying to explain it away? You had better follow the book and listen to God, instead of false teachers and skeptics. "For the time will come when they will not endure sound teaching; but after their own lusts shall they keep to themselves teachers, having itching ears; and they shall turn away their ears from the truth, and shall be turned unto fables." (2 Tim. 4:4). "For there shall arise false Christs and false prophets, and they shall show great signs and wonders; insomuch that if it were possible they shall deceive the very elect." (Matt. 24:24-25).

## A Picture of Hell

Jesus Christ gives us a real picture of Hell in the Gospel of Luke (16:19-31). Let us look at this scripture along with other scriptures and see if we cannot discover the real characteristics of Hell.

1.—Hell is a place prepared for all those who break God's laws and reject Jesus Christ as their Savior. As such it is a social, legal, moral, and spiritual necessity. We

## Give Surprise Party For Her Husband

Mrs. Craig Ralston gave a birthday surprise party Wednesday evening honoring her husband. Bridge was the entertainment of the evening, eight tables playing. The men guests presented Mr. Ralston with a handsome set of book cases. An elaborate luncheon was served. Refreshments consisted of chicken salad, scalloped potatoes, spiced peaches, pumpkin pie, hot rolls, angel food cake and coffee. The house was decorated with the fall chrysantheums.

## Give Dainty Bridge Luncheon Today

Mrs. Jacob Schantz of Cumberland Avenue gave a three course bridge luncheon at noon today. The house was simply but attractively decorated in the fall colors and flowers.

The guests were: Mrs. Maddox, Mrs. Warren Ralston, Mrs. H. E. Vermin, Mrs. Eugene Smith, Mrs. W. E. Frazer, Mrs. W. D. Mott, Mrs. Craig Ralston, Mrs. H. H. Alderson, Mrs. Walter Hollingsworth, Miss McCoy, Miss Ruth Nelson and Mrs. Felix Sampson.

## Reverend and Mrs. Savage To Entertain

Reverend and Mrs. J. E. Savage, are giving a series of entertainments in honor of the members and friends of their church. The first is a reception tonight for the adult members of the church and their friends from 8 o'clock to 10:30. Saturday afternoon will occur a party for the children from three o'clock to five.

The third and last of the series will be a party for the young people next Thursday evening, November 13th; 8:00 o'clock to 10:30.

## Entertain Lavishly For Miss Hoo

Mrs. S. M. Reams and Mrs. H. C. Martin entertained in honor of Miss Bertha Hoo Wednesday afternoon. The function was given at the home of Mrs. Martin on Dorchester avenue.

The house was beautifully decorated, yellow being the dominant color scheme. Tall, stately chrysanthemums added beauty and dignity to the occasion.

Refreshments of ice cream and cake were served to the guests. The little cakes were cut in the design of hearts and the ice cream was moulded in the forms of hearts, roses and wedding bells.

Mrs. Will Mott, Mrs. Eugene Smith, Mrs. Bruce Nelson and Mrs. T. R. Hill assisted the hostesses. There were one hundred and ten guests present.

## Mrs. P. R. Hill and Mrs. H. C. Martin Present the Gifts to Miss Hoo

Mrs. P. R. Hill and Mrs. H. C. Martin presented the gifts to Miss Hoo. They were dressed in the garments which they wore upon their own wedding days.

## Basket Ball League Meets This Evening

All men interested in playing basket ball and forming teams to represent the industries in town are urged to attend the meeting this evening in the office of the Middlesboro Playground Association on the first floor of the city hall.

The High School gymnasium will be used for all practice and games. Several teams are already organized, and ready to play and it is urged that any man or group of men that wish to enter this league be present at this meeting at 7:30 to night.

## Louisville Markets

Cattle, three hundred, steady, unchanged. Hogs, twenty two hundred, steady, five to ten. Sheep, six hundred, steady. Lambs, eleven to twelve. Others unchanged.

Trees have their limbs bare in winter and covered in summer, differing from women in summer only.

**HEL FROM THE STANDPOINT OF SCIENCE, PHILOSOPHY AND THE BIBLE**

(Continued from Page Three)

have our jails and prisons for those who break the laws of the land. We must have them to protect society. It would not be safe for your wife or daughter to go down the street tonight were it not for our jails and prisons. We must have them. Now, it is even more necessary for God to have a Hell. He must have a Hell in order that He might have a Heaven. If God were to open the gates of Heaven and let all the unbelievers, drunkards, thieves, liars, criminals, etc., into Heaven they would turn it into a Hell in five minutes. Therefore, God must have a Hell in order that He might have a Heaven.

2.—Hell is a place where the wicked go just as soon as they die. The righteous go to Paradise or Abraham's bosom, which is the unfinished or temporary heaven, (Luke 16:22). "Then shall the dust (body) return to the earth as it was: and the spirit shall return to the God who gave it." (Eccl. 12:7). The wicked go straight to Hell. There is no soul sleeping and no soul stopping off at purgatory. If you will find soul sleeping, or the doctrine of purgatory, taught in any Bible, I will never preach another sermon. You can't do it. They are both man made doctrines. If I had the time I could go back in history and show you how they got started.

I was making some calls one day in the city of Corinthon Kentucky, and in my rounds I called upon a Catholic lady. She was in serious trouble about her father's soul. He had been dead a number of years, but she said he lived a very wicked life, and that she had spent

quite a lot of money having his soul prayed out of purgatory and that if she didn't hurry and get it done she would soon be broke. I asked her who was doing the praying. She said a priest in Germany. I said, "Why don't you have it done in this country?" and she answered because I can have it done cheaper over there." I said, "My dear sister, I would not say one unkind thing about your religion, but you are being faked out of your money." I said, "When your father died his doom was sealed and if he lived a wicked life as you say he did, his soul went straight to Hell at death, and nothing can be done now." And here is the proof "The rich man also died, and was buried; and in Hell he lifted up his eyes, being in torments," (Luke 16:22-23).

"The wicked shall be turned into Hell, and all the nations that forget God," (Psalm 9:17). Hades is the temporary Hell. Here the wicked suffer until the final judgment, then they are publicly condemned and cast into the final eternal Hell which is called Gehenna (Rev. 20:10-15; 21:8). Punishment begins at death and lasts forever.

1. Hell is a place of "isolation." It is cut off from every other place by an impassable gulf. "There is a great gulf fixed: so that they who would pass from hence to you cannot; neither can they pass to us, that would come from thence," (Luke 16:26). There are no steamship lines out of Hell; no railway lines; no airship lines; and no balloon lines. Once you are there you are doomed forever. There is no way to escape; you are cut off from God, heaven, saved loved ones, and all that is good, noble and holy.

4. Hell is a place of "torment and pain." "And he cried and said, 'Father Abraham, have mercy on me, and send Lazarus, that he may dip the tip of his finger in water, and cool my tongue; for I am in anguish in this flame.' (Luke 16:24). Hell is anguish and pain and no relief can be given. (Luke 16:25-26).

5. It is a place where "those down there do not want their friends and relations to come." "Then he said, I pray thee, therefore, Father, that thou wouldst send him to my father's house: for I have five brothers; that he may testify unto them, lest they also come into this place of torment. Abraham saith unto him, 'They have Moses and the prophets; let them hear them.' And he said, Nay, Father Abraham: but if one went unto them from the dead, they will repent. And he said unto him, If the year not Moses and the prophets, neither will they be persuaded, though one rose from the dead." (Luke 16:27-31). If your relatives and friends in Hell could just get a message through to you tonight it would be a hot one. They would surely warn you to stay clear of that awful place.

But there is nothing doing. All they can do is to think about you and await your coming to join in their misery. You had better hear me, and heed the warning I am giving you tonight. It will be too late when you get there.

6. Hell is a place where "suffering never ends." It is a place where their "worm dieth not, and the fire is not quenched" (Mark 9:44). Those in Hell shall be "tormented day and night for ever and ever," (Rev. 20:10).

I visited a sick man one day in a hospital. A great surgeon and I stood by the side of his bed and watched him as his life burned out with a burning fever. The surgeon looked at me and said, "Dr. Crume, multiply this scene by eternity, and you will begin to get a faint picture of Hell."

7. Hell is a place where "memory never dies." But Abraham said, Son, remember that thou in thy lifetime receivedst thy good things; and likewise Lazarus evil things; but now he is comforted, and thou art tormented," (Luke 16:25). You will have to remember forever lost opportunities, spurned invitations, and rejected appeals from the lips of earnest preachers, teachers, relatives, and friends. You will have all eternity to ponder this message tonight, and call yourself a fool for not accepting it. My friends, lost and in sin, just remember that eternal will torture you forever in Hell. They will simply add a little more to your misery and sorrow.

9. Hell is a place where "there is no second chance." (Luke 16:24-26). You cannot even get a drop of water in Hell much less a second chance. Hell is bone dry. So, some of you old drunks, and persons of liberty howlers—just as well sober up. You can't even get light wines and near beer down there, and one-half of one percent will be clear out of the question.

No, there is no second chance. This is your chance and you had better take it while you can. I know there are those who are telling you today that you will have another chance, but the Bible makes all such false teachers liars. If you can show me a Bible that teaches that, not I shall never preach another sermon. Read Luke 16:24-26 and see what that says about your second chance. And if that is not enough to satisfy you, read Rev. 20:10-15 and 21:8; and if you want a little more add Mark 9:43-48. The only chance you will have to get out of Hell will be on the morning of the final Judgment, and that will be long enough to be publicly condemned and to hear the great Judge of all the earth say, "Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels," (Matt. 25:10). Then you will be cast into the final and eternal Hell to suffer forever. (Rev. 20:14-15). You will have for company "the fearful, and unbelieving, and the abominable and murderers, and

**JUST RECEIVED**  
A FRESH SUPPLY OF WHITMAN'S  
**Try Shelburne First**

formicidators, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone." (Rev. 21:8).

Brother, you had better take this chance. Do it now! Napoleon said, "I beat the Austrians because they didn't know the value of five minutes." The devil has beaten thousands wiser than you because they did not know the value of time and the danger that comes with delay. This is your sure chance. Take it now! "Boast not thyself of tomorrow; for thou knowest not what a day may bring forth." (Proverbs 27:1).

"And in Hell he lifted up his eyes, being in torments." (Luke 16:23).

Well, they claim a man in Vienna has 42 wives, so all can say is he wins the loving cup.

A man who took a drink in Persia, he was lucky to wake up at all.

Twelve were jailed for tarring and feathering a Maryland girl, a case where fine feathers made bad birds.
